

# Uniform Policies for 08-09

Because the personal appearance of each member of the student body reflects upon the entire school, a prescribed uniform policy has been adopted for all students in grades Pre-K through 12. Every effort has been made to be clear; however, if an interpretation is to be made, the school administration will have the final say.

## Violations

At the principal's discretion, any student who appears at school without the proper uniform will not be allowed to attend class. Parents will be called immediately to bring the proper uniform for their child.

## Suppliers

Approved suppliers will stock all approved styles and provide alterations. An asterisk (\*) indicates that item should be purchased from an approved supplier.
